

# HAPPY WOMEN'S DAY

This women's day we #ChoosetoChallenge  
*Silence To Resistance; A Series*

To every LBQ womxn, you are the hero of your time.  
Keep fighting

Women's Day is celebrated globally on the 8th March of every year. It's the day for appreciating women who work hard to accomplish individual and professional goals. For many people, the role of women is limited to household chores only. However, this needs to change as ALL women deserve equal freedom and opportunities in everything like men.

The world is moving towards gender equality. It is moving towards a balance between both men and women.

A change is required and is also essential. It is observed that men have had more advantages in every sphere of life in comparison to women since ages. However, this needs a change and should be treated equally with equal rights and opportunities. On International Women's Day, everyone appreciates the women in their lives. Everyone acknowledges the worth and significance of women in their lives, and their tremendous contribution to society as well.

We can all choose to seek out and celebrate ALL women's achievements. Collectively, we can all help create an inclusive world. Happy women's day, we are choosing to challenge as we look forward to a world where being LBQ is normal.
